Kim Kelley at
kkelley@mspcc.org

Trust-Based Relational Intervention (TBRI)® is an attachment-based, trauma-informed intervention created to help foster and adoptive parents develop practical tools designed to meet the complex needs of vulnerable children.

The Presenters

Jonathan Reid

Founder and Executive Director of Fostering Hope New England

He is a trained practitioner in the TBRI and Trauma Competent Caregiver (TCC) models of trauma-informed care. He and his wife have fostered 30 children and adopted four.

Mike Brown

Director of Development and Programs at Fostering Hope New England

He is a trained practitioner in the TBRI and Trauma Competent Caregiver (TCC) models of trauma-informed care. He and his wife have fostered 12 children and have adopted one.
